

Accessing the Platinum Upgrade Assets Inside EasyVSL

First, you need to ensure that you purchase the platinum upgrade on this page <https://easyvsl.com/oto1-v3/> before it will be unlocked in your account.

Then, go to the members area <https://easyvsl.com/members/> and log in

Go to V3->Platinum Video, Graphics & Audio->Bundles 1-6->Month 1

Click on Download month 1

The screenshot shows the EasyVSL website header with navigation links: Dashboard, v1, v2, v3, Support, and Logout. Below the header is a dark grey banner with the text "Platinum Video Package - Inner Circle (MONTH 1)" and "Download the new Background Themes, Audio Files, & Cartoon Characters for this month." A large blue button with white text "Download Month 1 Graphics & Audio Files" is centered below the banner.

Click on Download button->Direct Download

The screenshot shows a file sharing interface for a file named "Month 1.zip". A dropdown menu is open over the download icon, showing options: "Direct download" and "Save to my Dropbox". A red arrow points from the "Direct download" option to the download icon in the interface.

Save the File to your computer and wait until it is finished

The screenshot shows the same file sharing interface for "Month 1.zip". A dialog box titled "Opening Month 1.zip" is open. It displays the file name and size, and asks "What should Firefox do with this file?". The "Save File" option is selected and highlighted with a red box. The "OK" button is also highlighted with a red box.

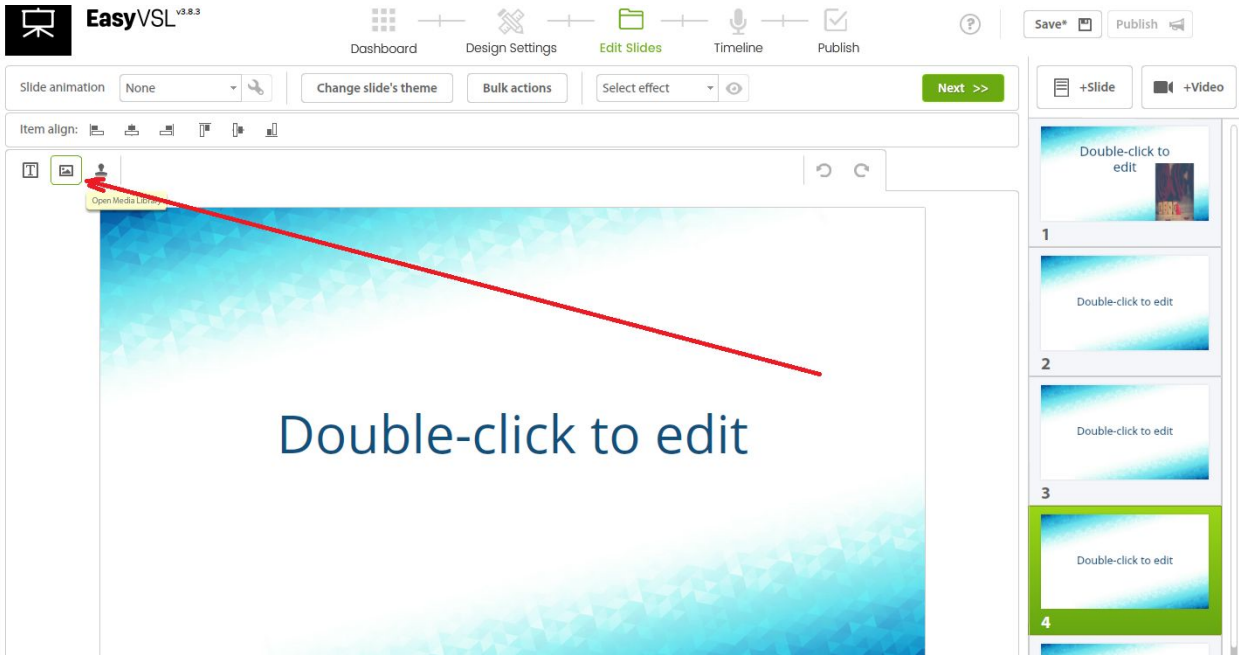

Extract the Files using WinRar, Winzip or 7zip to a folder picked by you

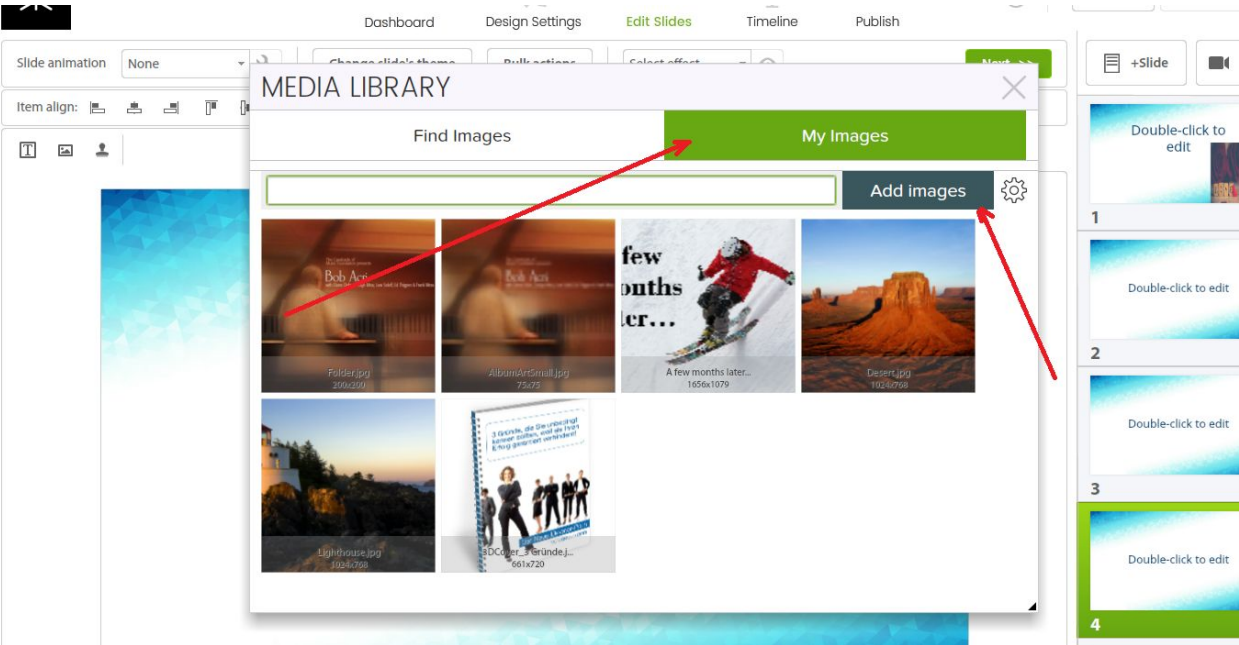

Adding the Elements into EasyVSL

1. Images

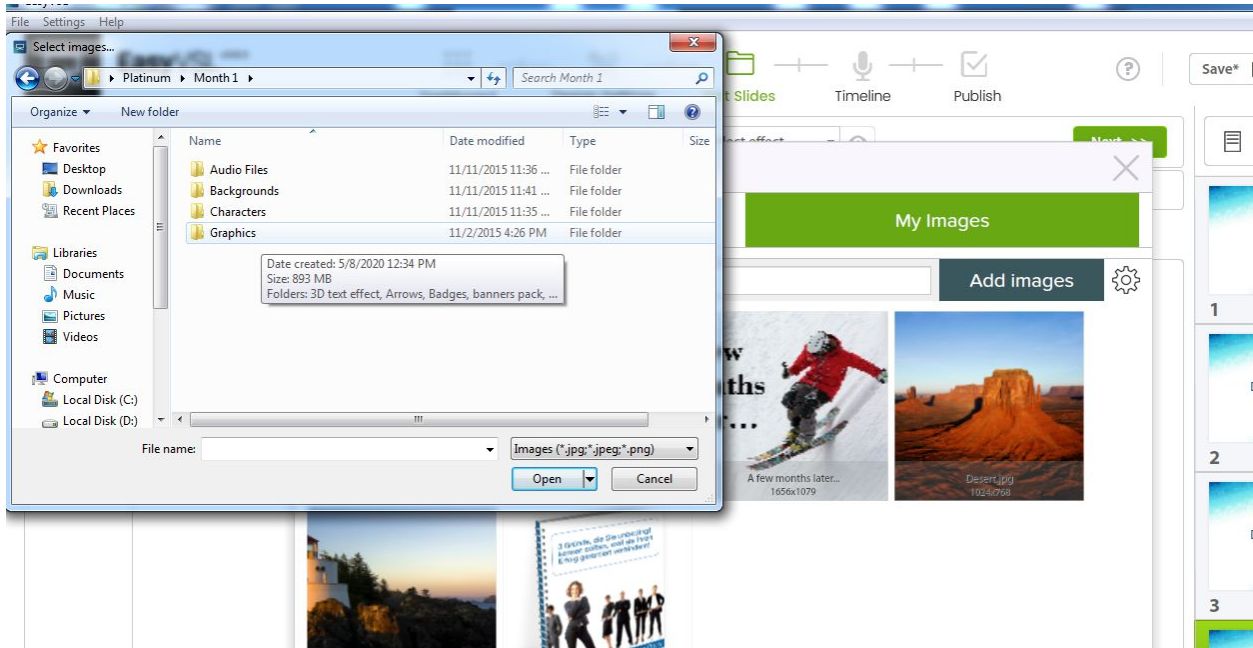

Run EasyVSL 3, Create a new VSL and go to Edit Slides section, then click on Open Media Library button

Click on My Images->add images

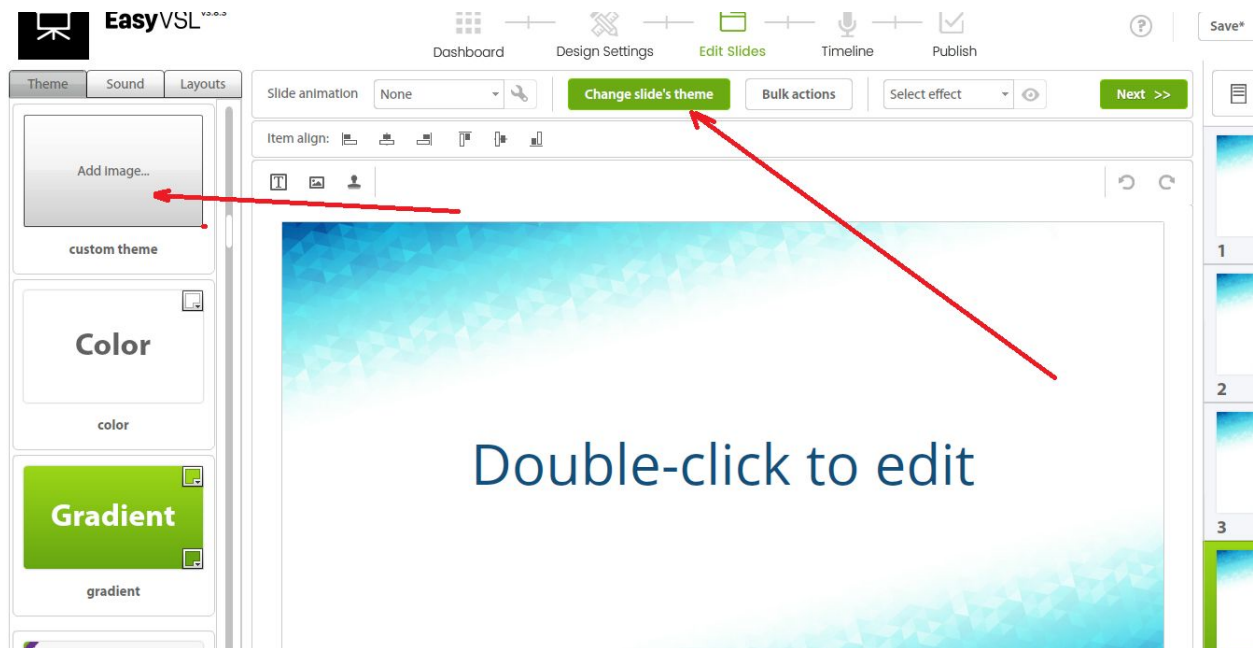

Then go to the Folder where you've extracted the files (Month 1) and insert the desired image into presentation

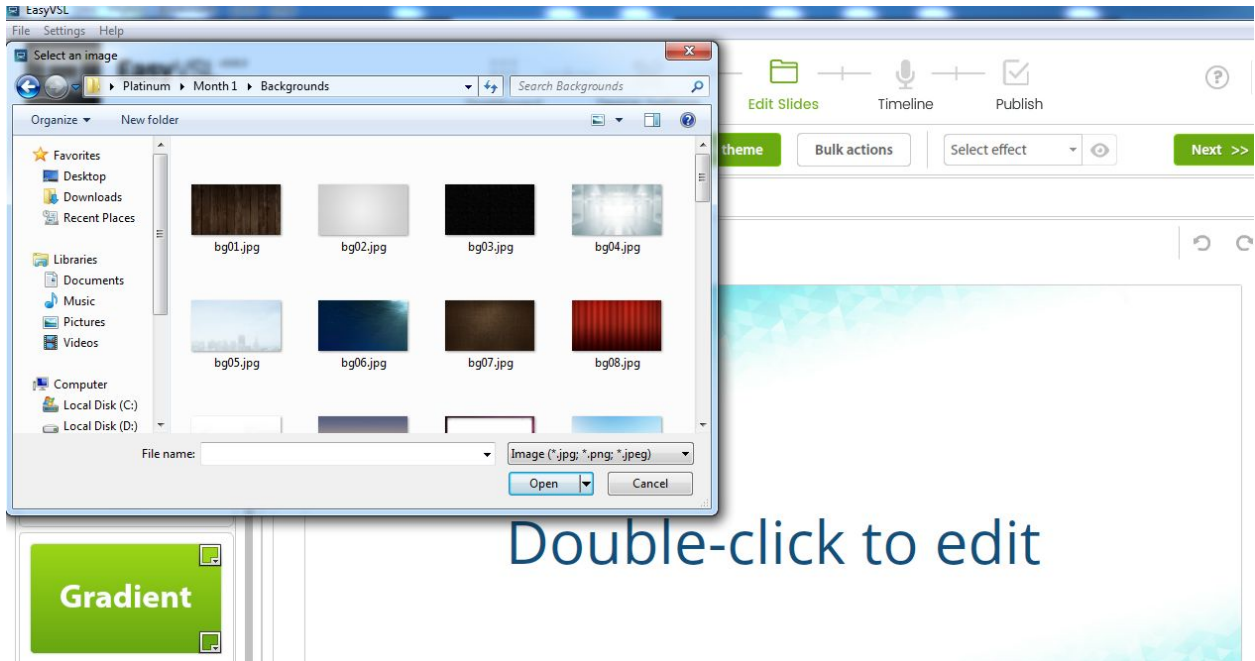

2. Backgrounds

Go to Edit Slides section, click on Change slide's theme button, then click on "add image" button from the left side

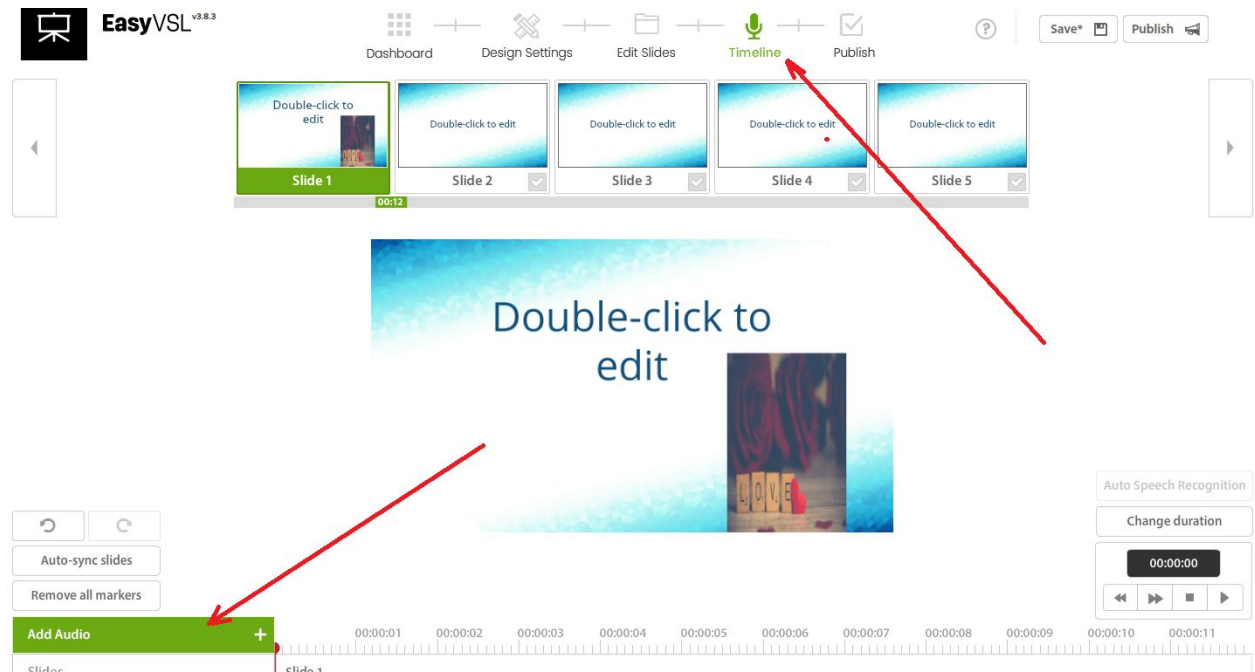

Navigate to the folder where you've extracted the files (Month 1 - Backgrounds) and choose the desired background

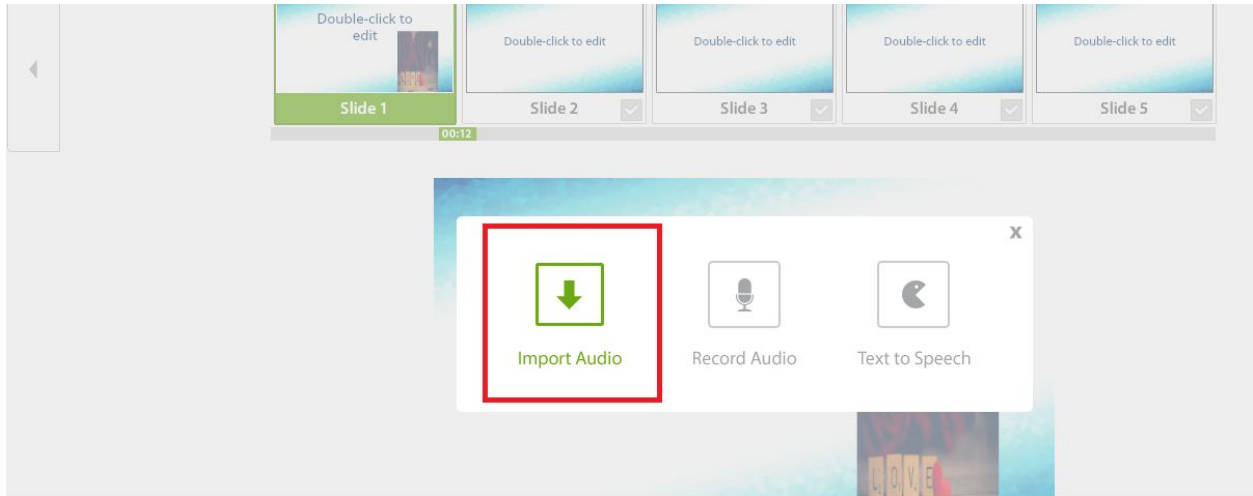

3 Audio

Go To Timeline section->Click on Add audio

Click on Import audio

Navigate to the extracted files (Month 1 - Audio files) - Select the audio and click Open
